MultiPlan Now Accepting Submissions for 2016 Holiday Card Program

New York, NY, June 20, 2016 – MultiPlan, Inc. announced today it is now accepting submissions for its annual Holiday Card Program. One of MultiPlan’s most popular philanthropic initiatives, the Holiday Card Program collects holiday-inspired drawings from pediatric patients in hospitals participating in any of MultiPlan’s PPO networks and hosts a vote on its website. (MultiPlan’s networks include: PHCS, MultiPlan, Beech Street, HealthEOS, Texas True Choice, Arizona Medical Network (AMN), Rural Arizona Network (RAN), Health Management Network (HMN) and IHP.) The five entries that receive the most votes are made into holiday greeting cards, courtesy of MultiPlan. The hospitals that submit drawings receive a cash value gift card to go towards art supplies in their pediatric unit.

“This is one of our most popular programs. Not only do our young artists look forward to it each year, but our staff as well.” says Dr. Anthony Sposato, Corporate Medical Director for MultiPlan. “Every year we look to grow and improve the program, and I think this year will be our best year yet.”

To be eligible for this contest, entries must be received by August 26, 2016. Voting will take place September 12 - 23 on MultiPlan’s web site at <http://www.multiplan.com/providers/philanthropic.cfm>. Winners will be announced the week of October 3.

In addition to the Holiday Card Program, MultiPlan provides participating hospitals with Jeep PowerWheels™ toy cars through its Toy Car Program, and issues financial grants to qualifying hospitals through its Rural Health Outreach Grant Program.

About MultiPlan

MultiPlan, Inc. is the industry’s most comprehensive provider of healthcare cost management solutions. The company provides a single gateway to a host of network- and analytics-based solutions for managing the financial risks associated with healthcare claims as well as products that fight waste, abuse and fraud before payments are made. Clients include insurers, health plans, third party administrators, self-funded employers, HMOs and other entities that pay medical bills in the commercial healthcare, government, workers compensation and auto medical markets.
