

## **Michael Kim Joins MultiPlan as CIO**

**December 12, 2013 (New York, NY)** – MultiPlan, Inc., the industry’s most comprehensive provider of healthcare cost management solutions, announced today it has appointed Michael Kim, Chief Information Officer. In this role Mr. Kim will direct MultiPlan’s Information Technology department - more than 400 associates responsible for systems, operations and practices. He is based in the company’s New York, NY headquarters.

“We are excited to have Michael lead our IT team,” explained Michael Ferrante, Executive Vice President, Operations, “He brings more than 15 years of IT leadership experience within the insurance industry, and I am confident his guidance will ensure our IT operations continue to be a model for the industry.”

Previously, Mr. Kim served as Chief Administrative Officer for Torus Insurance where he was responsible for all technology and operations functions. Prior to that, he was the Chief Technology Officer at the Hartford Property and Casualty, leading the organization’s legacy and emerging systems. Earlier in his career, Mr. Kim was the CEO of an early stage software company which he joined after launching and leading the eBusiness practice as a partner in a consulting firm. He is a graduate of Yale University.

### **About MultiPlan**

MultiPlan, Inc. is the industry’s most comprehensive provider of healthcare cost management solutions. The company provides a single gateway to a host of primary, complementary and out-of-network strategies for managing the financial risks associated with healthcare claims. Clients include large and mid-sized insurers, third party administrators, self-funded plans, HMOs and other entities that pay claims on behalf of health plans. MultiPlan is owned by BC Partners, a leading international private equity firm, and Silver Lake, the world’s largest private investor in technology.
