

MultiPlan Completes Acquisition of Private Healthcare Systems

New York, NY – MultiPlan, Inc. completed yesterday the previously announced acquisition of Private Healthcare Systems, Inc. (PHCS), adding the country’s largest independent primary PPO network to its suite of medical network and related solutions that lower the cost of medical claims.

Mark Tabak, MultiPlan’s Chief Executive Officer, said, “We are pleased with this transaction. Our two product lines fit together beautifully to create a true end-to-end solution for controlling rising healthcare costs while maintaining employee choice. We look forward to working with our new colleagues at PHCS to deliver this added value to our combined clients and providers.”

With the addition of PHCS, MultiPlan offers national primary and complementary PPO networks, fee negotiation, care management, a claim transaction and information management engine, and specialty networks, including HealthEOS by MultiPlan, the largest independent primary PPO network in Wisconsin. An estimated 40 million people have access to MultiPlan’s medical networks.

MultiPlan will continue to operate PHCS under the **PHCS Network** brand, as the national primary PPO network offering of MultiPlan.

About MultiPlan

For nearly 30 years, MultiPlan has helped healthcare payers and providers partner together to combat rising healthcare costs. MultiPlan serves as a single gateway to a host of primary, complementary and out-of-network strategies for managing the financial risks associated with healthcare claims. Clients include large and mid-sized insurers, third-party administrators, self-funded plans, HMOs and other purchasers of healthcare. MultiPlan is owned by a group of investors led by The Carlyle Group. For more information, visit www.multiplan.com.
